Abandoned Kano Pedestrian Bridges

Seven people were killed in Kano on Sunday April 26th, 2015 when a pedestrian bridge at Dorayi quarters, Kano collapse.

The incident happened around 4:45pm. when the bridge, which was still under construction, caved in and collapsed on a car, which was passing underneath it.

“The workers at the site had warned motorists not to pass because they were working on the bridge but the driver of the taxi allegedly ignored the warning.

“So, the moment he moved; before he passed, the bridge caved in and collapsed on the vehicle, which led to the death of seven persons”.

The vehicle has since been evacuated from the scene while the corpses have been deposited at a hospital morgue.

Since the Dorayi Karshen Bridge collapse all the other pedestrian bridges project across Kano State were abandoned, some of these bridges were located at:

- Dorayi Karama
- Rijiyar Zaki
- Sabuwar Kofa BUK Road
- Kurna
- Kura
- Etc
